

There's still time to apply for our Spring Term 2021 in Thessaloniki - recently selected the youth hub of Europe!

Location

Thessaloniki is over 2500 years old yet is famous today as a vibrant college town. The large student population lends the city added color, with cafes, restaurants, and bars on every corner. Accessible to Athens and major European cities by plane, train or car, it is the research and economic hub of Greece and the Balkans. Short distances, quaint streets, and the picturesque waterfront make Thessaloniki a favorite destination for study abroad.

Excursions

Make your stay in Greece as memorable as possible by exploring the beauty and richness of this Mediterranean country. Our excursions promise to show you new sides of Greece you never knew existed.

-Athens Trip - discover the cradle of Western Civilization

-Meteora Trip - A geological, architectural and cultural treasure not to be missed!
